Due to the increase of Clients/Carers not advising the Charity of their inability to attend their pre-booked sessions, MCD4D are having to introduce a NON- CONTACT charge of £15.00.

This charge will only be activated if the Driver or Carer DO NOT contact the Charity, either by telephone or text message to notify us of the cancellation PRIOR to their session time.

We fully understand that sickness can occur at any time, and carers circumstances can also change, however, a courtesy phone call or a message advising MCD4D can allow us to offer the session to another client.

MCD4D have to pay for the usage of the Area, including lighting if needed and are charged for the full 2 hours session allocation. The charge is irrespective of whether we have a full session or have to finish early because of non-attenders.

This NON-CONTACT charge will be introduced from Friday 4th May 2018.

Date: 20th September 2019
